RUSSIAN CAVALRY CUTS RAIL LINES INTO PETROGRAD

City Virtually Is Isolated By Anti Bolshevik Troops.

RED DIVISION WIPED OUT OFFICIAL REPORTS DECLARE

Was Being Rushed to Defend Capital When Battle Occurs.

London, Oct. 20.—The war office states that the troops of General Denikin have driven the Bolsheviks from Kiev, which they temporarily occupied last week.

London, Oct. 20.—The white flag was hoisted over the Russian fortress of Kronstadt Friday it was announced by the British war office today.

Petrograd is virtually isolated, the war office announces today, anti-Bolshevik cavalry having cut the railroads leading from Petrograd to Vitebsk, Moscow and Volodga, the Petrograd-Vitebsk road is cut at Vitebsk and the Petrograd-Moscow railroad at Tosna, south and southeast of Petrograd respectively. The lines at Volodga is cut south of Lake Ladoga.

A Bolshevik division which has been rushed to Petrograd from the interior to defend the city against the threatening advance of General Yudenitch, was virtually wiped out at Kronos. So when General Yudenitch took that outpost to Petrograd, according to war officials dispatches.

The war office further announced that Pskov, a junction town about 150 miles south of Petrograd, is under bombardment by the Estonian troops. Petrograd is reported to be preparing for a siege. Machine guns are posted to command the principal streets and supplies of food are being brought into the city.

CAPTURE OF RUSSIAN CAPITAL UNCONFIRMED

Paris, Oct. 20.—(Havas).—Contradictory reports are received from Russia and it is impossible to confirm rumors that Petrograd has been taken by the northwestern Russian army under General Yudenitch. It seems certain however, that the Yudenitch troops are advancing and must be at the gates of the city, if they have not already taken.

SITUATION AT RIGA PRONOUNCED CRITICAL

Paris, Oct. 20.—The situation at Riga is critical, according to news reaching Paris yesterday, says the Petit Parisien. The Lithuanian army, has insufficient effectives to resist the attack of forces commanded by Colonel Avaloff-Bermont, and also lacks artillery and materials of war, the newspaper says.

KEELEY SUIT IS SETTLED MONDAY

Agreement Reached in Litigation Over Paying Contracts—Work Will Start At Once, It Is Announced.

Judge Roscoe G. Hornbeck of London, O., arrived in the city this morning and was to have heard the case of M. T. Keeley & Son against the City of Newark and The Federal Asphalt Paving Company. Keeley is seeking to enjoin the Federal company from proceeding with the asphalt paving contracts amounting in the aggregate to about \$120,000, which had been let to that firm by the city, Keeley claiming to have been lowest bidder on several of them.

Both sides were ably represented by counsel, several foreign attorneys of note appearing for each side in addition to the local lawyers. Noted experts were also present to testify to the quality of asphaltum of the two concerns. When court was called it was learned that a settlement was about to be made and this was verified by counsel later, but no court record has yet been made.

It is said according to terms of settlement that Keeley will be given the cement work on a number of streets and The Federal Asphalt company will lay the asphaltum. The company will begin work immediately on the many streets to be improved and promises to have it done before winter. For ten years he conducted large lumber yards and grain houses at Kensington, and for 25 years and more up to the time of illness was a dealer extensively in hay, grain and farm products.

ALLIANCE FARMER DIES SUDDENLY ON SUNDAY

Alliance, Oct. 20.—Robert Loudon, aged 62, widely known farmer and business man of near Hanover, died Sunday morning. For ten years he conducted large lumber yards and grain houses at Kensington, and for 25 years and more up to the time of illness was a dealer extensively in hay, grain and farm products.

GOES TO POLAND TO DEVELOP U. S. TRADE

Dr. Louis E. Van Norman.

Dr. Louis E. Van Norman, a member of the war trade board, has been made first U. S. trade commissioner to Poland. Dr. Van Norman is the author of a book on Poland and has made many friends among Polish leaders. He believes that Poland, with thirty million people and a territory as great as France, will become one of the most important economic factors in the European.

SOCIALIST GIVEN TARRING BY GANG

Is Taken Into Woods By Hamilton Men Where Tar and Feathers Are Applied—Warned to Leave.

Hamilton, Oct. 20.—Following his experience of being chloroformed, taken to a woods north of the city, and there treated to a coat of tar and feathers, John E. Steiger, local socialist leader, today received a letter advising him to leave the city in ten days, on pain of being more severely treated. Steiger did not indicate whether or not he would comply. He was suffering today from severe nervous shock.

Contrary to early reports, Steiger did not report his tarring and feathering experience to the police, but the latter learned of the incident this morning through newspaper reports. Steiger told a reporter that he was returning from work when he was seized by six to eight men who took him to a wooded place and there he was taken to a place of torment, chloroformed and when he awoke was naked in a woods, with the tar and feathers streaming from his body. He found his clothes nearby and put them on over the tar and walked home as best he could. Due to the chloroform, Steiger did not suffer pain during the operation.

Incidents that led to the attack were that circulars were distributed in the city last week which were signed by Steiger and another socialist. The circulars were signed by the government. Circulars were sent here from Dayton to a former well known socialist, who refused to accept them and took them to a nearby stable, whence they disappeared.

Steiger for 25 years was the head millwright at the Beckett Paper Company. Some time ago he was chairman of a meeting at which Charles Baker, socialist, spoke, when the latter announced, he was a Bolshevik, and that he wanted to organize the I. W. W. here. Steiger was discharged following this meeting. Baker is a vigilance committee and did so.

No clues were at hand today as to the identity of the men who tured Steiger. It is believed that they were members of the vigilance committee and that the committee are the authors of the anonymous letter received by Steiger this morning. Steiger is married and has three children.

In a letter received by Steiger this morning it was stated that if he did not leave town the "union vigilantes" would perform a surgical operation upon him to prevent "degenerates like you" from propagating your kind.

It was learned this morning that Steiger was given a lashing in addition to the tar and feathers, and that the words "I. W. W. traitor" were painted in red letters on his forehead and on portions of his body.

Steiger has been attempting to stir up a race riot, it was learned and he said was advised to leave town by a vigilance committee and did so.

GARY REAFFIRMS HIS DECLARATION FOR OPEN SHOP

Tells Conference He Will Not Consult With Others Than Employees.

SESSION OF CAPITAL GROUPS DELAYS OPENING MEETING

Affect of Steel Head's Stand Remained to Be Developed in Meeting.

Washington, Oct. 20.—Reaffirming his refusal to negotiate with representatives of labor unions not employees in the plant of the United States Steel corporation, Elbert H. Gary, chairman of the corporation's board of directors, informed Chairman Lane, of the national industrial conference, and Frank Morrison, secretary of the American Federation of Labor today that he would not concede from his stand for the open shop.

Judge Gary was understood to have expressed fear of the consequences of further recognition of labor unions. The effect of his announcement on the industrial conference remained to be developed. The capital group remained in session all morning, forcing a postponement of the conference meeting until 2:30 p. m.

Before the conference session, the beginning of which was delayed by a meeting of the capital group, Judge Gary conferred with Chairman Lane and Frank Morrison, secretary of the American Federation of Labor, Samuel Gompers, who returned today after the week end in New York conferred with members of the labor group.

Judge Gary has prepared a statement which he expects to make in explanation of his vote on the collective bargaining issue when the question comes up for discussion. He was appointed by President Wilson as a public representative in the conference. After attending the sessions for two days he went to New York the middle of last week and was understood to have conferred there with other officials of the steel corporation. His announcement today was the first he had made on the collective bargaining issue since the conference began.

After Judge Gary had conferred with Chairman Lane and Secretary Morrison the conference session was called to order, but the entire capital group was absent. The chairman said that the group could not complete its discussion on collective bargaining until after noon and as the rules require that all groups be present at the session, the discussion was postponed.

While hesitating to state as to what would happen should the conference state it was impossible to agree on a declaration regarding collective bargaining, several of the leaders said the group would not "dare" break up the conference without further efforts to reach a settlement or the grave industrial problems facing the country.

CARNegie MILL SAYS 100 MEN BACK TO JOB

Pittsburgh, Oct. 20.—With both employers and union leaders marking time, the steel strike situation in the Pittsburgh district was practically unchanged early today, the initial day of the week.

The only statement relative to the strike came from the Carnegie Steel Company. This report declared that between 50 to 100 men returned to work, daily last week, and that at Homestead, alone, 9,400 men were on the job.

The Homestead works turned out 35,000 tons of ingots last week, this being only a few thousand tons under the record work of 1918, when production was hastened because of the war, the statement adds. Other mills of the concern were said to be operating at nearly 100 per cent capacity.

FOREIGNER DROPS DEAD IN CANAL ST. HOME

Toma D. Matti, aged 30 years, dropped dead Sunday morning at 131 Canal street where he made his home.

Matti who was employed at the Whelan company worked Saturday and went to bed that night seemingly in the best of health. Sunday morning after eating a hearty breakfast he walked to the well in the yard, and was seen to fall. Thinking he had slipped, a neighbor hurried to him.

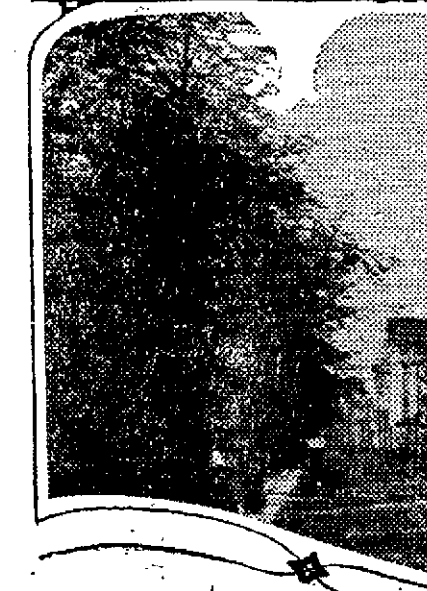

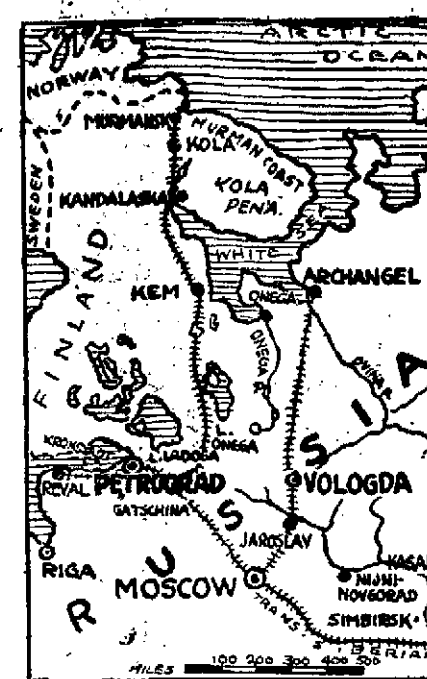

Shirer was called and pronounced his death due to heart trouble. Matti came to this country in 1914, and has since lived in Europe and here. He has a wife living in Europe and a cousin in this city. The body was taken to the Citizens undertaking establishment where funeral services will be held Tuesday. Burial will be made in Cedar Hill cemetery.

OBSERVES ROOSEVELT WEEK.

New York Oct. 20.—New York began today the celebration of Roosevelt week during which the Roosevelt Memorial Association will conduct a campaign for new members and for funds to be used in the establishment of suitable memorials to the late ex-president.

PLANT BURNS; TWO KILLED. Jowa Falls, Oct. 20.—Two men were killed, another man died and several others were injured in a fire which followed two explosions in a fire which destroyed the produce plant of Swift & company here late yesterday afternoon.

FALL OF PETROGRAD MEANS BEGINNING OF THE END FOR REDS

View of Petrograd, showing in foreground the admiralty building, where the forces loyal to the czar made their last stand; General Yudenitch and map showing Petrograd and other Russian points mentioned in recent dispatches.

The fall of Petrograd may not mean the immediate death of Bolshevism, but observers declare it the beginning of the end. The Russian forces in this part of Russia fighting Lenin are led by General Yudenitch, who is closely co-operating with the allies, as well as with Admiral Kolchak of the Siberian army, and General Denekine of the Southern army.

WORLD BUSINESS IN CONFERENCE

Sessions at Atlantic City Seek to Eliminate Unfair Practices and to Establish Better Business System.

Atlantic City, N. J., Oct. 20.—Establishment of a permanent international organization of business for the purpose of eliminating unfair international trade practices working out a better system of business and finance in the interchange of goods and acting as a clearing house for ideas with regard to manufacturing and commerce is expected to result from the International Trade conference which is to be held here this week.

Informal conference and committee meetings were begun today and will be continued until the formal sessions begin Wednesday night. This new organization probably will supplant the International Congress of Chambers of Commerce and commercial industrial associations which for 14 years has been a common clearing house for the business ideas of the world. Its functions have been suspended since June, 1914, and the suggestion now is made that on the invaluable experience of this organization be erected an even greater and more closely knit structure.

Under the tentative plan of the American delegates, the new organization will endeavor to bear the same relations to the league of nations on commercial subjects as the international labor conference, soon to convene in Washington, will have regarding labor problems. The purpose and scope will be to carry out, after peace has been declared, the economic and financial plans now being put into effect by the supreme economic council at Paris.

MERCIER APPEARS AT EPISCOPAL CONVENTION

Detroit, Mich., Oct. 20.—Cardinal Mercier, vice primate of Belgium, pro-primate of the world, appeared before the triennial general convention of the Protestant Episcopal church here today.

It was feared that Cardinal Mercier might be unable to meet the demands of the program outlined for the second day of his visit here. After a tiring day yesterday when thousands of his countrymen and others welcomed him here, it was stated by his physician that the visiting prelate was in need of rest.

Cardinal Mercier was officially received by the city today. In the afternoon he was to go to Ann Arbor where the University of Michigan planned to confer on him the degree of Doctor of Law.

The Episcopal convention, after receiving Cardinal Mercier, entered today upon what was expected to be its most momentous work. Most of the work preliminary to legislation has been completed and revision of the prayer book, consideration of the national-wide campaign on church extension and work on the three year budget will be finished. It is expected by the delegates.

50 OIL WELLS ARE BEING DRILLED HERE

Fifty strings of tools are being operated in the oil and gas fields east of Newark. Special activity is noted in the vicinity of Perrinton and Frazzysburg. The companies operating in this field are the Ohio Cities Gas, the Ralph Brothers, Leonard Oil and Gas company and the Ohio Fuel company.

Near Frazzysburg last week on the Robinson farm Ralph brothers got a 1,000,000 capacity gas well.

LONDON PAPERS SHY AT GIBRALTAR PROPOSAL

London, Oct. 20.—The statement made by Henry Morgenthau on his return to the United States suggesting that Great Britain share the control of Gibraltar with the United States was not generally reported here. The Morning Post alone carries something like a full report under the headline: "Gibraltar, a naive suggestion," but does not comment on Mr. Morgenthau's words. A brief agency account is printed by the Graphic, which refers somewhat vaguely to the Gibraltar proposal. The newspaper comments in general terms urging the United States to accept a mandate for Constantinople, Armenia and Anatolia, and the Gibraltar recommendation as a "little obscure." Other papers do not mention Mr. Morgenthau's statement.

USES AIRPLANE FOR QUICK TRIP ACROSS STATE

R. B. White, Summoned to Fostoria on Business, Makes Trip in Passenger Plane From Newark.

R. B. White of the R. B. White Lumber company in Clinton street left on a business trip in an airplane this morning at 10:30 o'clock for Fostoria, a distance of 110 miles northwest of Newark.

White is the first Newark man to utilize the airplane in this city to attend to business away from home. He has interests in the city of Fostoria and received an urgent long distance call to come to Fostoria at once. He immediately called up Aviator Edward Stinson at the Warden hotel, who has three airplanes at the aviation landing field in West Church street, and arranged for the trip.

White had previously taken several trips and Saturday went up with Stinson and looped the loop five times and took a full spin or nose dive and all the other thrills which can be done with the flying ships. He is a great lover of the sport and his friends are predicting that he will undoubtedly have a ship of his own in the very near future.

Messrs. Stinson and White expect to reach Fostoria in time for lunch and will return to this city in time for dinner. Stinson stated that the day was a great one for flying and he expected to give the Newark lumber man the joy ride of his life and introduce him to a few clouds along the route.

SUGAR REFINERS NAMED.

Washington, Oct. 20.—Beet sugar refiners were notified today by the department of justice that a charge of sugar in excess of 10 cents a pound wholesale would be considered in violation of the food control act. The United States sugar equalization board held that 11 cents a pound was a fair retail price for sugar.

HOLDUP MEN KILL DEPUTY SHERIFF

Desperate Pair Rob Many In East Tennessee Hills and Engage in Battle With Posse.

Chattanooga, Tenn., Oct. 20.—With James Oliver, aged 20, in jail, posses today still were scouring the vicinity of Ooltewah, James county, for Ed Martin, his alleged companion and accomplice in the killing of Deputy Sheriff McIntosh, and the robbery of several travelers on the Dixie Highway Saturday.

The two, discharged soldiers, it is charged, burkaded the highway near Ooltewah early Saturday held up all travelers who approached and finally capturing and holding for hours several citizens who came to investigate the killing of Deputy McIntosh, who was shot by one of the boys whom he attempted to arrest.

Oliver was wounded in an exchange of shots with a posseman, and was when he fell he was bleeding to death. Citizens who were held by the men were forced to take him to Ooltewah for medical attention. His companion escaped.

Oliver was threatened with lynching at Ooltewah. A rope was placed about his neck and he was strung up, but citizens desisted when he promised to give the name of his companion.

Deputy Sheriff McIntosh died in full view of persons attracted to the spot. Attempts to reach him with medical aid were repulsed at the point of pistols.

Six men and a woman were huddled along the roadside, covered by the pistol of one of the bandits while several of the holdups were in progress.

PRESIDENT RECOVERS FROM STOMACH DISORDER

Washington, Oct. 20.—President Wilson's stomach disturbance has subsided almost completely and he was comfortable today after a fairly good night, his physicians announced.

"The president's digestive disturbance has subsided almost completely. After a fairly good night he is comfortable this morning."

(Signed) "Grayson, Ruffin, Stitt."

While recognizing that even any slight incidental ailment undoubtedly would have a tendency to increase nervousness and thereby to a certain extent retard recovery, in White House circles today there were no indications that the slight digestive attack suffered yesterday by President Wilson was the cause of serious concern.

Announcing the digestive trouble last night Dr. Grayson said otherwise the president's condition was unchanged and indicated that the patient was more than holding his own.

It was pointed out in other quarters that digestive developments are the rule rather than the exception in cases in which persons suffer from various troubles. In addition it was regarded natural that in the president's lack of exercise would contribute to digestive disorders and unless the persisted or fear they would seriously delay recovery from the major indisposition.

WATSON CHARGES REDS HOLD JOBS IN FEDERAL GOVT

Indiana Senator Offers Resolution to Investigate Commission.

DECLARES TRADE BODY HAS RADICALS AS INVESTIGATORS

Says Many Are Sympathizers of Lennine and Trotsky Russian Reds.

Washington, Oct. 20.—Sensational charges that Socialists, reds and "other radicals are 'intrinsically' in the government departments and particularly that the investigating forces of the Federal Trade commission contain men hostile to the government and American institutions were made in the senate today by Senator Watson, Republican, Indiana, who introduced a resolution for an investigation by the interstate commerce committee.

Disclaiming any defense of the great meat packers, Senator Watson declared that the open records of some of the committees on that investigation showed them to be especially outspoken anarchists, participants in red parades, pro-Germans, admirers of Lennine and Trotsky and avowed exponents of soviet government.

FRENCH PARLIAMENT QUILTS LONG SESSION

Paris, Sunday, Oct. 19.—The curtain was rung down tonight on the session of parliament which sat unintermittently through the greatest national effort in French history. Premier Clemenceau was the leading actor in the final drama. Little ceremony marked the conclusion of the session. The president of the chamber of deputies, deeply moved, eulogized the war session of parliament, paid homage to the heroic soldiers of France and the glorious dead, reviewed the task accomplished by parliament and expressed the hope that the new chamber would work to raise France from the ruins of the war.

When the applause had subsided, M. Clemenceau arose and in a loud, clear voice read the decree closing the session. Deputies, cheering and shouting, "Vive La Republique," crowded around the premier to congratulate him.

JAMES M'GOUGH DIES ON TRAIN

Former Newark Linotype Operator Succumbs at Orville While Enroute to His Home in Canton.

James McGough, 44, a linotype operator former employed in Newark, died suddenly Sunday while on a train enroute from Mt. Vernon to Canton where he was employed. Mr. McGough's death was due to internal hemorrhage following a complication which resulted from an attack of influenza which he suffered last year.

Until more than a year ago Mr. McGough was employed in the composing rooms of the American Tribune office. He went to Canton in August, 1918, to take a similar position with the Canton News.

While in Newark Mr. and Mrs. McGough resided in Saint Clair street. Both were active in lodge and club circles while in Newark. Mr. McGough was an active member of Roland lodge, Knights of Pythias, and was for several years its secretary. He was also a member of Acme lodge, F. & A. M.

Reports from Canton indicate that he had been in ill health for several months and his trip to Mt. Vernon was for the purpose of consulting a physician. It is said.

He was a native of Mt. Vernon, where he was employed for many years on the Mt. Vernon Republican-News. He was the first linotype operator in Knox county.

His body reached Mt. Vernon this afternoon from Orville, where his death occurred. A message from Mt. Vernon this afternoon said that funeral services would be held Wednesday afternoon. He is survived only by his wife.

Mr. McGough was married in the Newark typographical union while here, and was held in high esteem by his fellow printers, as well as by his large circle of friends.

CHICAGO MILLS CLAIM 75 PCT. PRODUCTION

Chicago, Oct. 20.—Conditions in the steel mills of the Chicago district have improved to such an extent, that today, beginning of the fifth week of the strike production was on a basis of 75 per cent normal, according to company officials.

Union officials while admitting that practically all of the plants were in partial operation said that reports showed that inexperienced workers were attempting unsuccessfully to fill the places of the veterans of the industry who remain on strike.

The force of federal troops in Gary was reduced today to 400.

FRENCH PROPOSE MONUMENT. Paris, Oct. 20.—The chamber of deputies last night voted a credit of 1,000,000 francs for national participation in the erection of the monument at Pointe de Grave, at the mouth of the Gironde river in commemoration of American intervention in the war.

One of the Inspirations I Found in T. R.'s Life

By W. M. COOPER PROCTER, Cincinnati

W. M. COOPER PROCTER

THEODORE ROOSEVELT brought back into public consciousness the biblical story of Ananias. The criticism which many unprejudiced commentators have passed upon his habit of carrying the fighting over into his adversary's corner was his retorts began that so many of like Horace Greeley's: "You lie you villain, you lie!"

The point that the critics generally overlooked was this: When Theodore Roosevelt said a thing was a lie, he went on and showed how and why it was. One time Mr. Roosevelt, as civil service commissioner, discredited a certain Cabinet member's truthfulness to his face. Another person who was present—a mild-mannered man with an ingenious soul—seemed deeply pained.

Afterwards he said to a friend of Roosevelt's: "It was very discourteous treatment for Commissioner

Roosevelt to visit upon an officer of so much higher rank. Why, he actually accused him of lying."

"And then after a moment's pause, but with no indication of seeing anything funny in the remark, he added, "And what was worse, my dear sir, he went on and proved it!"

We are campaigning to raise \$5,000,000 throughout the country to build a memorial to Roosevelt, because we know that it was worth much, much more than that to have a man lead this country who DID use direct methods and prove what he said and raise the whole standard of our politics and our patriotism by so doing.

Ohio is to raise \$500,000 of the amount. Ohio cannot express with \$500,000 how much she honors Roosevelt's memory—but she can try.

MANAGER LEACH TO WED INDIANA GIRL

Invitations have been issued for the marriage of Miss Darle Ennes of Princeton, Ind., and Mr. Earl DeForest Leach, recently appointed manager of the Newark Chamber of Commerce.

The wedding will be solemnized on the morning of Wednesday, October 23, at 10 o'clock at the home of the bride's parents Mr. and Mrs. William P. Ennes in Princeton.

The bride to be was graduated from the University of Indiana with the class of 1916. She taught English in the high school at Bloomington, Ind., and later was associated with Mr. Leach in the ordinance department at Washington.

Following a wedding trip Mr. Leach and his bride will be at home in West Locust street.

HAGER STARS IN MACK'S FIRST WIN OF SEASON

McDaniel's football team won its first game in five, attempts this season by defeating the Red Men of Lancaster, who have not lost a game in five, by the score of 13 to 0. The game was fast and furious and the crowd of 1000 people was kept on tiptoes throughout the play. Quarterback Claude Hager played a marvelous game, making gains totaling 175 yards during the afternoon, and on the final play of the game, plunged through the line for 10 yards for a touchdown. Green, Dunn, Gilmore, Denison for the locals and Barnes and Little for the visitors, played exceptional ball. Summary: **McDaniels**.....**Lancaster.** McDaniel, I. e.....Haynes, I. e. B. & O. SQUAD LOSES ITS FIRST CONTEST

The Columbus Chippewas yesterday defeated the Newark B. & O. team 20 to 0 at Neil park, Columbus. The Sullivan brothers played with the Newark railroaders, and they were the Dennis P. H. 1917 stars who were responsible for the Chippewas' only defeat during that year. Johnny McCarty, first baseman for the Senators, also played for the B. & O. members. Both teams played bang-up football, with the redskins holding a slight shade, although hold scoreless until the third period. Smith and Freshman, assisted by Jones and Farnell, played a great defensive ball, while Donahue and Brown starred in the offensive play. Eddie Schneider replaced Brown and received an ovation from the stands. A year in the navy had not impaired his old-style playing, and he set the Newark defensive back 20 yards on his first attempt. While there was nothing particularly brilliant in the offensive work or the Newark team, they gave a splendid exhibition defensively. STEEL MEN'S WAGES ARE MORE THAN DOUBLED

Washington, Oct. 20.—The increase in the earnings per hour of employees in eleven principal industries during the last six years, was greatest in the iron and steel industry, according to a statement made public here today by the bureau of statistics of the labor department. While in some departments the pay was greater than in others, in all departments collectively the hourly wage of steel and iron mill workers in 1919 was 221 per cent of the hourly wage in 1913, or 2 1/5 times as great. The smallest increased earnings were those in the mill work industry where the increase of 1919 over 1913 was but 51 per cent. In the other nine industries for which figures were given, the increases varied from 52 to 94 per cent. These included cotton, woolen, silk, clothing, underwear, shoes, furniture and cigar factory workers.

NOTICE TO VOTERS

WITTENBERG TIES SCORE WITH DENISON UNIVERSITY

Granville, Oct. 20.—Wittenberg gained what may be termed a victory by holding Denison to a tie score, 7 to 7, Saturday. The game was marked throughout by rough playing and costliness, with frequent on both sides. Denison gained her touchdown in the first quarter after only seven minutes of playing. It seemed to be an easy matter to score several more but Wittenberg held like a rock and no further scoring was possible. The last half was Wittenberg's but was marked by a costly play. Lentz, captain of the Springfield team, broke his ankle in the third quarter and was forced to retire. Denison's touchdown was gained through the forward pass route, McMahon throwing a beautiful pass that settled into Owen's arms to be carried to the two-yard line. It was an easy matter for Jenkins to go over the line with six points and filled that with a kicked goal. In the third quarter Etter missed the goal on an attempted dropkick from the 30-yard line by a scant two yards to the side which saved Denison from defeat. By a series of quarter-back sneaks and line plunges Wittenberg brought the ball down the field so that Littleton was able to go over with six points. Etter kicked goal and knotted the score which was not changed in 25 minutes of play. The lineup: **Denison (7)**.....**Wittenberg (7)** Owens, I. e.....Hall, I. e. Meredith, I. e.....Case, I. e. POLAND CHINA HOGS BRING GOOD PRICES

The sale of spotted hogs held at Indian Mound farm, Tiffin, last Monday, was a success. There were 63 head of spring gilts and boars sold for an average of \$90 each, the best boar pig bringing \$500. Sales were made to go into seven different states while Ohio kept the cream. Charles A. Emm, Granville, Tiffin 2, and the Hogwater road, secured one of the choice gilts. The Canton district comprises that portion of Kwangtung province west of longitude 115 degrees and the whole of Kwangsi, Yunnan and Kweichow province.

AIRSHIPS CARRY 42 PEOPLE SUNDAY

Passenger Planes Do Thriving Business On Last Day of Stay In Newark.

The Stinson Airplane company which has been carrying passengers in three ships stationed in West Church field did a thriving business yesterday and carried 42 passengers desirous of experiencing the thrills of a joy ride in the air. The Christian landing field was thronged with spectators yesterday afternoon and West Church street was blocked with machines, it being estimated that there were four or five thousand people there at different times during the afternoon. An accident occurred to one of the ships when the planes struck a corn shock as it was landing and put it out of commission for the present. No one was hurt and the machine was able to proceed under its own power to the opposite end of the field where it was parked for the balance of the day. Among the passengers to enjoy the thrills was Mayor H. A. Atherton who took occasion while in the air to distribute a few of his announcement cards. A. P. Hess of the Hess Auto company and John Stump, of the Central fire station. The latter was given the surprise of his life when about 5000 feet above the earth the ship turned upside down and made two loops. The stunt was arranged by Ned Roe who had made two flights. He states that Stump thought it was all over and would never answer another alarm but the Central fireman claims that he asked the aviator to give him an extra thrill and he had his desire gratified beyond all expectations. Among those who booked for flights in the past several days in addition to Atherton, Hess and Stump, were Margaret M. Sullivan, A. A. Bishop, Howard Wiley, Ralph F. Cherry, Ethel Stogie, H. V. Bragg, D. M. Norris, Geo. Stewart, C. V. Priest, Justin Kiley, Ned Roe (2), D. Lockwood, Gail Christman, E. Nye, R. B. White, Neva Warren, Bess Thomas, Edward Warner and a number of others whose names were not available. Edward Stinson, owner of the three passenger carrying ships, is a native of Texas and a brother of Catherine Stinson the noted aviatrix. He was a civilian flying instructor on Kelly field and afterwards was commissioned by the United States government and has probably instructed more aviators than any other flier in this country. Other aviators with the Stinson Flyers are, L. Taylor of Chicago, S. Young of Erie, Pa., and Joe Dressler and Frank Goodie, who also act in the capacity of mechanics. The three planes will leave today for some town at short distance away from Columbus, the exact location not having been decided upon.

KING ALBERT MEETS NAVAJO INDIAN CHIEF

Albuquerque, N. M., Oct. 20.—Albert, King of the Belgians, Queen Elizabeth and their son Leopold, were traveling through Kansas today on their way eastward. Two stops were scheduled for the day, the first at Emporia, Kansas, and the second at Kansas City, Mo., where the royal special was due at midnight. The king's party was met by a large crowd at Gallup, N. M., with Chief Silegotio, tribal judge of the Navajo Indians, witnessed a war dance and worshipped at a quaint Indian church at Isleta, which was built on the Pueblo reservation three centuries ago.

SURGEONS DISCUSS WARTIME SURGERY

New York, Oct. 20.—Wartime developments in surgery and the possibility of the adaptation to industrial and civil practice are the principal topics for discussion at the ninth annual convention of the American Congress of Surgeons which opened here today. More than 2,000 surgeons were present from all parts of the United States and two of the most famous of British surgeons attended as special guests of the congress.

ESKIMOS SHORT OF SUPPLIES.

Dundee, Scotland, Oct. 20.—The Eskimos are described as in desperate straits from lack of supplies, in reports brought by the crew of the Norwegian steamer Mercurus, which has arrived here from Cumberland Sound, where they found the Eskimos resorting to ancient seal killing methods and melting up tin cans to make bullets. The Mercurus, it was stated, was only the second vessel to visit Cumberland Sound trading posts since the outbreak of the war.

World's Greatest Invention!

New IDEAL-Arcola Radiator-Boiler

Puts IDEAL HOT WATER HEATING comfort at low cost in cottages, flats, or stores, with or without cellars

The IDEAL-Arcola takes the place of a parlor stove. But a stove wastes much of its heat up the chimney, whereas the IDEAL-Arcola is water-jacketed, and conveys its heat by hot water circulation through pipe-connected AMERICAN Radiators stationed in the adjoining rooms. Every bit of the big volume of heat developed from each pound of fuel is therefore made useful in keeping ALL the rooms uniformly, healthfully warm. There is no coal-waste. The IDEAL-Arcola does not rust out or wear out—will outlast the building—is a genuine, permanent investment!

Shipped complete ready for immediate operation

The beauty of the IDEAL-Arcola method is that no cellar is needed. Everything is on one floor. The Arcola is placed in any room that has a chimney connection. No running to cellar. If there are two or more tenants in the building, each can have his own Arcola and make the temperature to suit his own needs—can make his own climate! If you do not wish at first to heat the entire building, buy a small size IDEAL-Arcola and later on buy extra sections for the IDEAL-Arcola and two or three more radiators to warm more rooms.

Cleanly heating—healthful heating—free from fire risks!

Unlike stoves, there are no coal-gas leaks into the living-rooms. The IDEAL-Arcola delivers the soft, radiant warmth of hot water—not the dry, burnt-out atmosphere of stove heating. There is no fire risk to building—no danger to children—fire lasts for hours! The Arcola burns hard or soft coal, coke, gas, or wood. Brings cost of heating down to the lowest notch—and gives IDEAL comfort.

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). Write today

THE MARRIAGE SERVICE.

The Triennial Episcopal convention at Detroit has been considering changes in the marriage service of the Episcopal church, a form that is widely popular even among people who are not Episcopalians. It is a ritual that has endeared itself to many generations by the beauty and expressiveness of its language. The most significant change proposed has been to strike out the word "obey" from the woman's vow.

There are just as many men who obey their wives, as women who obey their husbands. Comparatively few women assent to these without mental reservations that alter the whole significance.

The word "obey" was placed in the vow at a time when woman was a subordinate creature. In those days the man was the lord and master. He issued his commands, and the woman unless of exceptional mental force, did not question them. But the position of women have been revolutionized in the past century. Women in Germany still retain a lower place, but in the free countries, women are on a level with men. As a rule they have a better education than men, they read and reflect more, and they are in a position to take their own part. If they can not use physical force, they have other weapons that they can and do use with even greater effect.

It seems too bad then to keep in a beautiful ceremonial a word that represents the thought and customs of a previous age. The need for it has gone. In the old days when the men had to take the responsibility of government, it may have seemed necessary that they should have the right to exact the obedience.

But when the responsibility is shared, the power to command naturally disappears. The men are no more fitted to govern the women, than the women to govern the men.

The folks that think that an artificial gas log is as pretty and homelike as a real hearth fire, will naturally wear false shirt fronts and buy their complexion at the drug store.

Among those who complain of high prices are those who put their money into luxuries instead of into the development of the resources of the country.

They say the old Greeks and Romans used beans in recording votes. The trouble with the modern voter is that he does not use his bean enough.

Difficulties are reported in securing college professors, but no such trouble found in getting football coaches.

HENRY C. ASHCRAFT.

No young man was ever elected to a political position in this city who is more deservedly popular than Henry C. Ashcraft, Democratic candidate for City Solicitor. Mr. Ashcraft is asking the voters of this city for a second term.

The success with which he has handled the city's affairs during his first term assures his return to office. He is the kind of a man the people can tie to. Affable, keen and thoroughly competent, he possesses in a marked degree qualities that fit him for the position he seeks. His service to the

HENRY C. ASHCRAFT.

citizens in the past two years has been uniformly successful. He was identified with the closing chapter of the gas case and through his efforts succeeded in bringing about the final payment of the money to the consumers. He has represented the city in a number of important cases, some of which are still pending and he has never lost a case or suffered an adverse decision for the city.

Mr. Ashcraft has devoted his time almost exclusively to the affairs of his office. Many questions of vital importance to the citizens and tax payers have arisen during his term and that he has handled them promptly and efficiently, the people well know. He has had the benefit of ten years practice of the law, is keen in intellect, ripe in judgment and a thorough student.

Two years ago, Mr. Ashcraft was elected by the largest majority ever given a candidate in this city having carried every precinct in every ward in the city by a handsome majority, and the indications are that he will be returned to office by a still larger majority.

AMERICANIZATION OF ALIENS.

(Pittsburgh Gazette-Times)
That the process of putting aliens through the "melting pot" need not be a prolonged procedure has been demonstrated at the Recruit Educational Center at Camp Upton, N. Y., and Pittsburghers may have ocular proof of the achievement in the "Americans All" detachment which arrived in the city yesterday and will remain for three days giving drills and acquainting the public with the methods used in converting alien infiltrates into well-drilled English speaking and reading American soldiers. The detachment consist of 25 men of 14 nationalities, only one being of American birth. All have been listed since May 1 and none at the time of entering the army had an adequate knowledge of English. The men are on tour to illustrate not only the benefits of the Cadence system of drill but also to show what has been accomplished in Americanizing the men in the brief period that they have been under Uncle Sam's instruction. The success of this experiment in introducing the men in about three months to a sufficient knowledge of English to meet all practical needs is all the more remarkable in that they could not read or write in any language and many of them could not understand the first word of command in the service in which they had enlisted. It would be too much to claim that these men have mastered English and have delved deeply into our principles of government, but under the intensive training they have undergone they doubtless have received as much of an insight into our language and institutions as is possessed by a large proportion of native-born Americans.

While the system of drill has under great merit it is in the operation of the "melting pot" the public will be most interested. How the system originated in the army can be applied to civilians, and it is the inquiry. Not all aliens can enter the army, but the need for their assimilation is being impressed forcibly on us. While the lesson from those who may in time operate it will not meet the immediate need. It is impossible for an alien to understand America's system so long as he clings to Old World ways and his native language. Learning our language will alone open to him the way to an understanding of our institutions. The army plan is highly commendable, but it is necessarily limited in its operations. How to extend it to cover the entire field where the same kind of instruction is needed, is now the problem.

FOR BETTER OR FOR WORSE

THE WAY OF PROGRESS.

(Cleveland Plain Dealer)
Ohio is one of the few states which clings to an outgrown, unenforceable system of taxation. Progressive states all about her and in all parts of the Union have abandoned the antiquated tax machinery of their pioneer days. But in spite of last year's favorable vote at the polls still maintains a system written into the constitution nearly a century ago.

At the coming November election voters of this state will pass judgment upon an amendment to the Ohio constitution, of which the following is the essential portion.

Section 2. All property shall be taxed by such rules and methods and in such classes as may be provided by law. The rules and methods shall be uniform within the classes so established. The rest of the section provides for the usual exemptions, as they stand in the constitution at present. Thus "houses used exclusively for public worship, institutions used exclusively for charitable purposes" shall, under the new section as under the old, not be subject to taxation.

Last year the voters of Ohio approved a classification amendment, but it was declared invalid by the supreme court because of a technicality. The situation in the state has not changed since the last election. There is no reason to believe that public opinion concerning the issue has shifted. Last year's vote of approval followed several unsuccessful efforts to secure a favorable decision on classification. No state has been more thoroughly drilled in the theory of classification than has Ohio.

In its simplest terms classification of property for taxation means that instead of taxing all kinds of property at the same rate—as required by the Ohio constitution at present—property will be divided into different classes and each taxed roughly according to its earning power. For instance, property without earning power such as household goods and property with a steadily depreciating value such as tools and machinery should be taxed at a lower rate than property that has a high earning power or tends to increase in value.

Millions of dollars' worth of property in Ohio escapes taxation because under the present uniform tax rule this property must be assessed, if assessed at all, at the same rate as every other bit of property in the state. The present average tax rate is, let us say, 1.55 per cent. Money on deposit in banks is supposed to pay the uniform rate. Were the tax paid, it would mean virtually the confiscation of from 40 to 50 per cent of the interest paid depositors by the banks. The result is that in common practice bank deposits are not returned for taxation at all and this habit of evasion is winked at and in some measures protected by the state.

Because bank deposits and intangible property generally is commonly hidden from the assessors and thus evades the obligation which rests upon all property to help support the state, other kinds of property which are tangible and cannot be hidden, such as land, homes and business blocks, are obliged to bear more than their share. Real estate must pay enough in taxes to make up the deficit caused by the failure of the intangibles. It is an unequal burden which tends to penalize the owning of land and to discourage the homing instinct.

It is the experience of every state which has abandoned the old uniform taxing system and adopted the classification rule that the tax revenue from intangible property has almost immediately jumped to new totals. In other words, the owners of such property as bank deposits are willing to pay a reasonable rate of taxation, and, as soon as the confiscatory rate is removed, are ready to report such property for taxation. Thus millions in property which now evades taxation are brought from hiding and assumes its proper share in the taxation burden of the state. An inevitable result is that real estate and other tangibles are relieved of a portion of the unjust burden now resting upon them. It is not surprising that states which adopt classification are unwilling to abandon it afterward.

This amendment merely puts into the hands of the legislature the authority to divide property into classes. It does not name the classes, nor the rates. It leaves the details to the representatives of the people upon whose action

The Advocate's TALKING POINT

There is no policy like politeness; and a good manner is the best thing in the world, either to get one a good name or to supply the want of it.—Bulwer Lytton.

Some Joke.
A reckless young fellow named Polk Bet on the White Sox and went broke; To a girl he then cried:
"As he sought a rich bride,
"I am poor but my heart is of oak."

All Modern Conveniences.
Aunt Calline says—Last nite jest as I an' Zeke had got kind o' settled fer the evening a life knob came out the door an' when there stood Howe E. Gabbs. Says he, reel, pleasant, "I want to look over your Advocate fer a spell, he says. "Annie has made up her mind she wants to move up to Newark an' I'd like to see if there's any houses for rent which would suit us," he says. So he picked up the paper an' it wain't mornen a minnit, till he says, "This," says he, "Here's the turry. "It says it has five rooms with gas in the kitchen an' a barn in the West End, he says. "That'll jest be the ticket fer me, fer I can take old Dobbin along an' wain't haf to go out in the cold to feed him this winter," he says.

Points of Resemblance.
We saw a cat the other day that the people have reserved the right of veto through the referendum.

By laws the general assembly has established a limitation on the tax rate. No class of property, whether tangible or intangible, can be taxed above the rate allowed by the Smith law. This law can be neither repealed nor amended while the legislature is in session by the people if they care to use the privilege of review.

This should be sufficient answer to those who pretend to fear that the adoption of classification would put an unequal burden upon the farms and homes of Ohio.

The Plain Dealer is convinced that the adoption of the classification amendment in November is essential to the best interests of Ohio.

Spirit of the Press

Senator Lodge.
A few years ago Henry Cabot Lodge was taken rather seriously as a statesman, and Theodore Roosevelt even urged upon the Republican National Convention of 1916 as a substitute for his own candidacy for the Presidency. But between a blind and furious partisanship and the senility of advanced years he had lost much of his old-time prestige. His attack upon Japan, a friendly nation and an ally in war, will go far toward destroying what little reputation for statesmanship has still clung to him.—Philadelphia Record.

Immigration.
If our immigration laws had been enforced and comprehensive a few years ago, we might not now suffer the trials and tribulations through which we are now passing. The fact is we have allowed more people to come to our shores than we could Americanize, and so they have brought their old world ideas with them, and these were too often opposed to law and order. But we now have only ourselves to blame, for there was a time a strong enough demand for better immigration laws, that would now relieve us from so much anxiety and peril. Much of neglect to build up our immigration legislation was due to politics, which is always poking up its hydra-head to endanger the republic. But it is not too late to advance our immigration regulations.—Ohio State Journal.

YIELDING SELF TO COUNTRY

(Springfield News)
There has always been much to admire in Prime Minister Paderewski of the Polish republic. Even before the bitter war broke in upon his privacy and the call of his native country rang in his ears, Paderewski's genius was recognized as a pianist. His heart has been filled with sorrow for Poland. The lamentations of his people made his heart heavy. It was little wonder that finally he yielded self to the higher call of patriotism and started for the homeland.

As prime minister for the Polish republic Paderewski has yielded a potential influence in cementing factional leadership. He has brought the Polish people into the insight of international affairs. His eloquence has served his country in securing allied protection and guarantees of continual freedom.

Maybe for all time to come this musical genius has laid aside his love for the piano. Likely he never will be heard again at the keys in popular concert. But who shall rise to say that Jan Paderewski has not more strongly shown his greatness by giving to his own country the helping hand needed, than by continuing to entertain America with his genius?

DENISON MAY YET GET R. O. T. C. UNIT

Shortage of Officers Threatened For Time To Prevent Organization—Case Is Reopened.

(Special to the Advocate)
Granville, Oct. 20.—Denison university may still have its R. O. T. C. unit, President Clark Chamberlain has just returned from Washington, where he has appeared before the war department officers in charge of college military units, and reports that negotiations are again under way. For a time it was feared that Denison would have to give up its unit in favor of large western universities, owing to the shortage of tactical officers available. Word was received from the war department to that effect. Thanks to the President's trip, however, the case is again opened, and the final decision will be announced soon.

On Friday afternoon, Mrs. Harry Pierce entertained twelve guests in a delightful manner, honoring her husband's mother, Mrs. Marietta Pierce of Richmond, who will be their guest for some time.

The home of Mr. and Mrs. T. A. Jones was the scene of a charming party on Saturday afternoon at 4 o'clock when their daughter Miss Betty Jones pledged her troth to Mr. Philip S. Willett of Mansfield. Dr. C. L. Williams read the impressive marriage service and following the congratulations of relatives and friends of both bride and groom, dinner was served in time for the couple to leave for Columbus. They will make their home in Mansfield where Mr. Willett has a position with the Autman-Taylor company. Miss Jones is a graduate of Denison. Her father, T. A. Jones, belongs to an old Granville family.

The district convention of the Daughters of Veterans held at Byesville last week, was attended by Mrs. Ernest Sheppard, Mrs. Chester Montgomery and Miss Florence Bingham. Mrs. Sheppard, who is president of the Granville tent, was elected district chaplain. The other ladies also were elected to district offices.

The Denison team met the first check in Saturday's game with Wittenberg, which resulted in a tie, 7-7.

Robert Black, city solicitor of Springfield, formerly a Denison student and member of the Phi Gamma Delta fraternity, was a week-end guest at the home of Mayor C. D. Coons.

Major Clarke, for several weeks a resident of Granville, left last night for Washington, D. C., on business connected with the proposed R. O. T. C. in Denison.

Prof. and Mrs. R. D. McCutcheon and Prof. and Mrs. H. C. Tanner entertained at dinner Friday evening in honor of the 21 new members of the Denison faculty, at the McCutcheon residence in West Broadway.

The two addresses delivered in the Baptist church Sunday morning and evening, by Mrs. Helen Everett Montgomery of Rochester, were strong appeals for a wider, more brotherly, more Christianlike vision among the Christian people of today. Mrs. Montgomery is president of the American Women's Baptist Mission society.

Beta Theta Pi entertained 40 guests from Sheppard college at the fall party held last Friday evening in the chapter house, "Curtis Hall."

Kappa Phi sorority announces the pledging of the following young women: Misses Mary Bruce, Caroline Hutson, Helen Cheney, Lois Jones, Dorothy Funk, Marie Simpson, Jenness Ruhl and Grace McCune. These pledged members will welcome the customary "try annual" before the active chapter, alumnae, members and relatives on Thursday afternoon in the chapter house.

A full holiday is granted Denison tomorrow, Tuesday, for the annual scrap between Sophomores and Freshmen.

The death of W. D. Morgan, known to his intimates as "Blinkie", occurred Sunday morning at the Newark City Hospital. Funeral services will be held at the residence of his mother, Mrs. Luther Rose, West Maple street, Tuesday at 2:30 p. m.

Professor Fred G. Boughton, secretary of Denison university, represented the university and the Baptist Educational society of Ohio at the annual meetings of the Mansfield Baptist association held in Shelby, and at the Auglaize association meetings in Ada, last week. Prof. Boughton spoke at these meetings on problems of mission, education and on future plans for the development of Denison university.

Dr. Clark W. Chamberlain, president of Denison university, will deliver the main address at the annual meeting of the Ohio Baptist Education society, to be held in the First Baptist church of Dayton, October 28-29. The Denison Gospel quartet will sing. Dr. H. H. Hundley will represent Denison academy. Miss Anna Lyon Spencer will present the treasurer's report, and Prof. F. G. Boughton, secretary of the university, will report the actions of the board. The members of the quartet are: Louis Gaines, A. R. Hotchkiss, J. Jenkins and Frank Shafer. Harold Rhoades is the pianist.

Mrs. L. R. Smith and Mrs. A. D. Cole of Columbus, who were house guests of Mr. and Mrs. Burton Case, returned Saturday to their respective homes.

Miss Lilly Belle Sefton came from Pittsburgh, Saturday, where she had attended the funeral of her only sister, in time for the funeral of Mrs. Rose. She was a guest of Mrs. Clara T. Brumbaugh for a few hours. She left for Ohio State on a late car.

Miss Carrie Thrall of Indianapolis, Ind., arrived Saturday to visit her sister, Mrs. L. A. Austin.

Miss Anna Lyon Spencer resigned her position as teacher in the Newark school in order to make a home for her brother, A. P. Lyon in Charleston, W. Va., will arrive at her home in Granville Monday for a brief stay.

Mrs. Helen Barrett Montgomery of Rochester, president of the Women's Baptist Foreign Mission society, occupied the pulpit of the Baptist church Sunday, both morning and evening.

Walter C. Crawford of Cambridge, Mass., and Mrs. Will Kinsey of New Philadelphia, and Dr. and Mrs. O. C. Crawford spent the week-end with Mr. and Mrs. J. W. Crawford at their home, Mulberry and Elm streets.

Failure Always Has Its Price.

Millen-Lanigan.
On Sunday afternoon at 4 o'clock at the home of the officiating minister, Rev. Calvin G. Hazlett, the marriage of Miss Josephine K. Lanigan to Mr. Robert A. Millen of Taft, California was solemnized. They were attended by Mr. William Lanigan and Miss Lanigan, brother and sister to the bride. The ring ceremony of the Presbyterian church was used. Mr. and Mrs. Millen will make their future home in Taft, California, where Mr. Millen has been located for the past ten years.

The Kappa Sigma fraternity entertained at the frat house in Granville Saturday evening with a dinner party. The decorations were in keeping with the Halloween season, and the guests were dressed as "rubies."

Bans were published for the first time at both Catholic churches yesterday for the marriage of Miss Helen Griffith and Mr. William Moriarty.

Young-Brown.
A pretty home wedding was solemnized Sunday at noon at the home of Mrs. Martha C. Brown, in the Granville Road when her daughter Miss Marie Lucille Brown was united in marriage to Mr. Frank Herman Young.

The home was arranged with flowers and ferns and the service was read by Dr. C. H. Will pastor of the First Baptist church before an altar of flowers and foliage. The wedding march was played by Miss Frances Powell. The bride wore her traveling frock of brown velvet with accessories to harmonize and a corsage of bride's roses.

Mrs. Young is the daughter of Mrs. Martha C. Brown. She graduated from Newark High school with the class of 1918 and has been employed as deputy city auditor. Mr. Young is the son of Mr. and Mrs. Edward Young of the Dry Creek road. He was stationed at Camp Mills, L. I., as field clerk and since his discharge has been employed in the purchasing department at the Wehrle company.

Mr. and Mrs. Young upon their return from a wedding trip will be at home in the Granville road.

Lees-Atwood.
The marriage of Miss Pearl Atwood and Mr. Howard G. Lees was solemnized at the parsonage of the New York M. E. church Sunday at noon. The bride is the daughter of Mr. and Mrs. Septimus Atwood, of 88 Cambria street. The bridegroom is the son of Mr. and Mrs. Frank Lees, of 436 West Church street. 1000 MEN LISTED BUT FEW WOMEN

Heaviest Registration In History Is Recorded Saturday, Election Officials Assert—Predict Large Vote.

Nearly 1,000 voters registered Friday and Saturday, the heaviest registration ever taking place in the city. Of that number only about a dozen women called at the booths and declared their intention of voting. As they can only vote for members of the school board and there is no opposition for the three candidates who are seeking re-election.

Out of the 29 precincts 24 had reported up until noon with 450 new voters registering, 347 transfers and 9 women. That is an average of 34 to the precinct and if the other five average that number it would make a total registration of 956.

Last year at the November election 4,833 votes were cast for the heads of the ticket and the indications are that more votes will be cast this fall at the municipal election than for the state officers last year. The total registration by precincts was as follows:

Milady's Boudoir

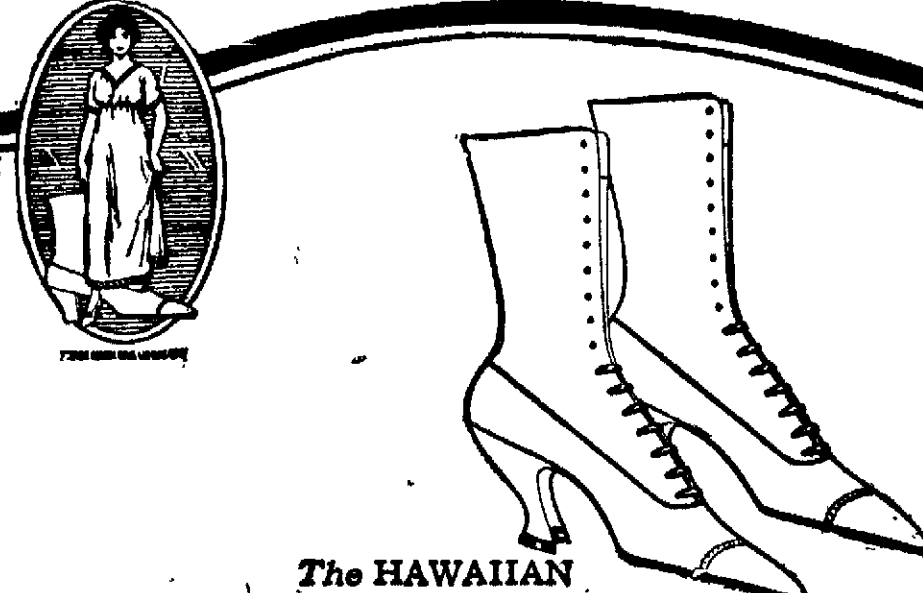

The Cause of Wrinkles.
Age, worry, climatic conditions and an untimely expression all cause wrinkles, but the cultivation of a placid temperament will help much to keep the face smooth and unmarred, as will, also, dwelling in a locality where dampness, and not dry winds prevail. English women have beautiful skins and keep them so until late in life, but England has not the fierce, dry, dusty winds of America where the utmost care must be given the complexion if it is not to wrinkle in the thirties.

Constant worry, as most women realize, makes provoking little lines in the forehead and around the mouth and cause the muscles to the cheeks to sag, destroying the youthful contour of the face. Sorrow does not make wrinkles, neither does physical suffering, but both of these rob the face of youthful curves and destroy its contours and freshness faster than the years can do, making the eyes sunken and old and compressing the mouth into lines of age and harshness.

Much use of the muscles, even the laughing muscles, in the woman of animated nature, tends toward making wrinkles, and though the fine lines that bespeak a joyous, sunny, humorous spirit have a beauty of their own, eyes that see beneath skin deep prettiness, yet their presence is most annoying to the animated one, who sees other women of her own age, stolid placid women, with unblemished complexions.

Wrinkles should be taken in hand early before they become visible at all. Thirty is none too young to begin the treatment to ward them off. By forty the little lines may have established themselves beyond repair unless the complexion has been taken in hand earlier. Soap should not be used on the complexion oftener than once a week, when a thorough scrubbing should be given. Cold cream should be rubbed in every night before retiring and at first in hot and then cold water. The cold cream treatment will not remove wrinkles but it will keep the face in such condition that they will not form as easily, and can be more easily eradicated.

Here and there in this country may be found a statesman who has, first of all, the interests of the United States in mind.—Detroit Free Press.

Our Boys and Girls

It is getting to be the custom with many parents nowadays to encourage their boys and girls to earn pocket money that is necessary, instead of having it given to them. Families that can well afford to give each child a small weekly sum prefer to have that sum worked for in certain definite ways.

Much of this work is in the nature of household chores, and these are dishes of money as is consistent with his health and his judgement.

Everyday Etiquette

"When calling to offer good wishes to a young couple upon the advent of a first baby is it proper to ask to see the child?" Inquired Edith.

"If you are intimate at all with the parents you should certainly ask to see the baby. It remains with the parents to grant the request, which of course they would be glad to do unless it interferes with their sleeping or feeding," helped the young matron.

Chicago Grain Review.
Chicago, Oct. 20.—Although lightness of offerings gave an upward tilt today to the corn market, the advance was not maintained. Downturns in the value of hogs has a bearish effect.

Opening prices, which ranged from 1 1/4 to 3 1/2 higher, including December at \$1.27 1/4 and May \$1.25 1/8 were followed by a sag all around to well below Saturday's finish.

Oats were steadier than corn. This stability was ascribed largely to recent big sales to exporters. After opening unchanged to 3-8¢ higher, including December at 71 3/4¢ to 72¢, the market remained at about initial figures.

Provisions fell with hogs. Support was lacking.

Pittsburgh Live Stock.
Pittsburgh, Oct. 20.—Cattle: Receipts 200; active and higher. Steers: \$16.00; 17¢; heifers, \$11.00; 12.00; cows, \$9.00; 10.00. Hogs: Receipts 5,000; lower. Heavies and heavy Yorkers, \$14.00; 14.25; light Yorkers and pigs, \$13.25; 13.50. Sheep and lambs: Receipts 2,500; steady. Top sheep, \$10; top lambs \$15. Calves: Receipts 800; steady. Top \$20.

Wall Street.
New York, Oct. 20.—The week on the stock exchange began with a resumption of activity in recent favorites, especially motors and their accessories, oils and shippings. Equipments also made irregular gains with some of the investment rails. Steels were slightly uncertain with low grade transportation. Conspicuous features of the first half hour included Pierce Arrow, Chandler, Maxwell and White

Cincinnati Live Stock.

Cincinnati, Oct. 20.—Hogs: Receipts 5,500; slow. Selected heavy shippers, \$13.50; good to choice packers and butchers, \$13.50; medium, \$13.00; 13.50. Cattle: Receipts 4,300; steady. Ship-pers \$10.50; 11.00; butchers steers \$11.25; 12.00; good to choice, \$10.25; 11.00; common to fair, \$8.75. Calves: Steady. Extra \$18; fair to good, \$8.00; common and large \$6.75. Sheep: Receipts \$11; steady. Good to choice, \$6.50; fair to good \$5.50; common, \$4.50; 5.00; lambs, steady; good to choice, \$13.50; 14.00; fair to good, \$12.00; 13.00; common to fair \$7.00; 12.00.

Chicago Produce.
Chicago, Oct. 20.—Butter: Higher; creamery, 50¢; 50.50. Eggs: Receipts 3,800; cases. Firsts \$35.00; ordinary firsts, 51¢; 52¢; at mark, cases included, 51¢; 52¢; second packed firsts, \$1.20; 1.20. Poultry: Active; lower. Springs 22 1/2; 23 1/2; 24 1/2.

Early gains in motors and affiliated specialties, also oils and shippings were materially extended. The further advance evidently was based on prospects of easier money, as indicated by last week's final rates. New high records were made by General Motors, American Woolen, and several of the low priced motors. Additions to the initial rise included Studebaker, U. S. Rubber, New York Airbrake, the various sugar shares and some of the newly listed issues, notably Columbia, Graphophone, and Steel. The only industrial stock to show persistent pressure, Cattle money opened at 8 per cent.

Chicago Live Stock.
Chicago, Oct. 20.—Cattle: Receipts 32,000; mostly 2 1/2 lower; bulk 13.50; 14.00; 14.70; heavy 14.00; 14.50; medium 14.00; 14.70; light 13.50; 14.00; light lights 13.00; 14.15; heavy packing cows, 12.50; 13.00; 13.50; packing cows rough, 12.75; 13.25; pigs 12.25; 12.50. Cattle receipts 31,000; unsold. TELL THE WORLD THIS WOMAN SAYS

That Lydia E. Pinkham's
Vegetable Compound made
Me a Well Woman.

Los Angeles, Cal.—"I suffered with female troubles for years, was sick most of the time, was not able to do my own housework, and I could not get help from doctors. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspaper, and took a few bottles, and am a well woman. You can use my name to tell the world the good your medicine has done me as I shall praise it always."—Mrs. A. L. Devine, 647 St. Paul Avenue, Los Angeles, Calif.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, irregularities, backache, headaches, nervousness or "the blues," should do as Mrs. Devine did, and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years this famous remedy, which contains the curative, strengthening properties of good old fashioned roots and herbs, has been correcting just such ailments. If you have mysterious complaints write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

GETS 28 EGGS A DAY NOW, FROM 34 HENS

Chas. C. White, Well-Known Breeder,
Tells How. Costs Nothing to Try.

"I gave Don Sung to 34 utility Buff Orpingtons and the egg yield increased from 7 to 28 a day. Don Sung is a wonder and I am now giving it to all my hens regularly."—Chas. C. White, Manager Cherry Hill Farm, Plainville, Ind.

Mr. White is the well known breeder and exhibitor. He wrote the above letter in December, after his best had shown a gain of 21 eggs a day from 34 hens. We will make you the same offer we made him. Here it is:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your poultry remedy dealer or send 50 cents for a package by mail prepaid. Barrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

Signs Of Disease

The First Signs of Disease are a Poor
Complexion, Weakness, Emaciation
and Lack of Vitality.

The first sign of returning health is increase of flesh, strength and vigor. Body weakness, emaciation and lack of vitality simply means that certain substances like Iron, which go to make up the blood and nerves, have become exhausted; and to renew flesh, muscle and strength, the Iron must be restored. Dr. Chase's Blood and Nerve Tablets contain Iron in its most active and condensed form with such tonics as Nuc Vomica, Gentian, Alon, Capsicum and Zinc Phosphide which makes them a powerful flesh and strength maker and a wonderful restorative to the nerves, imparting the tint of health to the weak, emaciated, convalescent and over-worked. Sold by Druggists at 60 cents, Special, (Stronger more Active 90 cents.)

Deep-Seated Coughs

Develop serious complications if neglected. Use an old and time-tested remedy that has given satisfaction for more than fifty years.

PISO'S DOCTOR JACKSON'S

Digestive and Liver Powder

Fine for indigestion. Try it and be convinced.

Price 60c and \$1.00 at all druggists. Send 3c stamp to The Jackson Medicine Co., Zanesville O., for sample package.

AMUSEMENTS

AUDITORIUM.

The Hushed Hour.
In assembling the cast for the twelve principal parts which stand out with such telling force in "The Hushed Hour," one of the most striking dramas ever penned for presentation on the screen, Edmund Mortimer, under whose direction Harry I. Garson produced this picture, brought together the brightest lights of the pantomimic stage. In glancing over the names of those who appear opposite Blanche Sweet in this drama, you see the names of Winifred Hall, Harry Northrup, Wilfred Lucas, Milton Sills, Rosemary Theby, Mary Anderson, Wyndham Standing, Lydia Knott, Little Ben Alexander, the youthful protégée of D. W. Griffith and L. T. Steers.

No single production has ever offered such a galaxy of stars as does "The Hushed Hour," and no single production has presented in the featured role a more accomplished actress than Miss Sweet who will be remembered by all picturedom as one of the brightest

of the Yale crew and the hero of a story of college romance written by Edward Sedgwick. For this picture the race of this year was filmed with the monster crowds of cheering students, graduates, and returned military men, and the river gathering of launches, tubs and yachts attendant on the historic contest.

"The Winning Stroke" is announced to open the Alhambra theatre for a run of two days beginning Wednesday.

AUDITORIUM-ALHAMBRA NOTES.
Show goes of Newark are in for some fine attractions within the next few weeks, for Mgr. Penberg has booked the following big companies: Patricia Collinge in "Rite," a Klav & Erlanger production, which comes November 1st. "Friendly Enemies" this month, and the big Comstock-Gest musical show, "Oh, My Dear," Nov. 3rd. "She Walked in Her Sleep," "Maytime," "The Wanderer," "Doppel Opera company," "Up in Mabel's Room," "Under Orders," are big Shu-

lights that shone in D. W. Griffith's constellation of stars at the time when Mary Pickford first came into public favor, when the single and double reel work of the multiple real feature was known.

Miss Sweet's latest work before the camera is the scene of artistry in the silent drama, "The Hushed Hour," is the second big production in which this little blonde actress is presented by Harry I. Garson. There are few picture lovers who have not seen her in "The Unpardonable Sin," the screen version of Major Rupert Hughes' best work of modern fiction. As the critics throughout the country extol her work in the screen version of Rupert Hughes' work, so have they written of her work in "The Hushed Hour." In both of these productions she has demonstrated to the millions who are devoted to the greatest single entertainment medium in the world—the silent drama—that she holds within her power all those elements of dramatic action that spells STAR for those whose aim in life is to entertain.

"The Hushed Hour" is the Auditorium feature for three days beginning tonight.

"Her Final Reckoning."

Thoroughbred Russian wolfhounds play important parts in the development of the story of "Her Final Reckoning," the new Paramount photoplay starring Pauline Frederick, which will be displayed at the Auditorium theatre next Thursday and Friday. This is said to be one of the best motion pictures in which Miss Frederick has been seen in many months.

In the story, which is based upon the celebrated play of "Prince Zilah," written by Jules Claretie, the famous French author and playwright, Marsa, the role played by Miss Frederick, is annoyed by a former lover, and to put an end to his persecution after she is betrothed to Prince Zilah, she turns her workhouse lease in her garden when the man comes one night to coerce her. The man is roughly handled by the dogs and the scene is said to be exceedingly thrilling.

"Twin Beds."

"Twin Beds," the Salisbury Field and Margaret Mayo's Laughing Landslide, will be the offering at the Auditorium theatre, Saturday, Oct. 25, matinee and night, with Lois Bolton, to renew the highly satisfactory impression of its last season's visit to this city.

Theatrical records attest that "Twin Beds" is one of the most emphatic standing hits. It is a jovial, rollicking comedy frolic with a crowded apartment house as its scene, the complexities of life shared too closely with the neighbors as the framework of its action, and an intensely amusing, humorous group of people in its portrait gallery. Its lines clash with fresh wit and new coined slang, and its merit of clean wholesomeness shines benignly over character, lines and situation.

ALHAMBRA.

"Too Many Millions."

Is money essential to happiness? This is a world-old question, but it is developed from an entirely new angle in "Too Many Millions," the new Paramount picture in which Wallace Reid is starring, and which will be shown at the Alhambra theatre today and tomorrow. The hero is first shown as a poor young book agent. Wealthy skin flint uncles of his suddenly die and leave him forty million dollars.

Then his troubles start, but after he loses the money and finds the girl he loves, happiness comes to him. Then with equal suddenness, the money turns up a second time, and he is puzzled to know whether to accept it or not. What would you have done in a similar situation?

The Winning Stroke.

"The Winning Stroke," a new William Fox photoplay starring George Walsh, should contain an abundance of excitement, for its scenes include the famous Yale-Harvard boat race, one of the greatest of college events. Walsh, big, handsome and athletic, is the stroke-

bert shows that will be seen before Christmas. "Fiddlers Three," "Turn to the Light," "Going Up," Al. G. Field's "Minstrels," "Sometime," "The Broom," "Tiger Reno" are from The Klav & Erlanger Exchange and R. V. Leighton, a personal booker in that exchange, has promised Mr. Penberg still more attractions as soon as routes are straightened out, owing to the late actors strike.

Francis X. Bushman and Beverly Bayne in the special Vitaphone feature "Daring Hearts" is an early Auditorium booking.

"The Right to Happiness" is a big Universal feature and comes to the Auditorium real soon. In this Dorothy Phillips is the star.

"NO MORE SLEEPLESS NIGHTS" -- BATHES INTERNALLY

Mr. J. D. Burrows, 271 West North St., Decatur, Ill., writes Tyrrell's Hygienic Institute, of New York, as follows:

"I am still using the 'J. B. L. Cascade' once a week, and find it most efficient for keeping me in fine condition. It acts as a sedative for tired nerves and has been a great help for sleeplessness. I have frequently arisen from bed and used it in the middle of the night with satisfactory results.

The reason for this remarkable result is because the functions cannot work properly when there is accumulation of waste in the lower intestine.

The "J. B. L. Cascade," by the simple process of properly applying warm water, eliminates all this waste and causes the functions to work smoothly and properly.

Over half a million intelligent Americans are now using the Cascade with similar results.

It is the invention of Charles A. Tyrrell, M. D., of New York, a noted specialist on internal bathing for 25 years.

It will be shown and explained to you by Hudson Avenue Pharmacy, R. L. Williams, Proprietor, 322 Hudson, corner Oak street, Newark, Ohio, who will be glad to give you an interesting booklet by Dr. Tyrrell called "Why Warm Water Today Is Only 50 per cent Efficient." This booklet is free upon request. Ask for it today while you think of it.

CHIEF ENGINEER SCHUCK STRONG FOR NERV-WORTH

St. Clair Tunnel Man Found a Royal Friend in This Famous Family Tonic.

This widely and favorably known citizen of Port Huron, Mich., delivers a message below which fellow-sufferers will do well to pay careful heed to: Nerv-Worth Co.—I find that Nerv-Worth has been very beneficial to me. I have had stomach trouble for years and tried a number of so-called remedies, but have found Nerv-Worth to be more beneficial to me than any of the others that I have used.

I have recommended Nerv-Worth to my friends, as I believe in telling fellow-sufferers where they can find relief from the misery that stomach trouble causes them.

G. SHUCK.

The Hushed Hour

ALL-STAR SUPPORTING CAST

Blanche Sweet, the star of "The Unpardonable Sin," which was conceded by the critics and public to be the greatest screen drama of modern times, appears on the screen of the Auditorium Theater Today, Tuesday and Wednesday in her second Garson production in "The Hushed Hour," one of the most unusual dramas ever filmed.

The screen version of "The Hushed Hour" was written by Charles Maigne who will be remembered as the adaptor of Maurice Maeterlinck's famous drama, "The Bluebird," and who has since become one of the screen's greatest directors. Blanche Sweet has the featured role.

THERE IS QUALITY IN BANKING SERVICE

AS WELL AS IN MANUFACTURED PRODUCTS

In these days of intense competition, a proper banking connection is more than ever a necessary asset to the business man.

Outside of affording a secure place of deposit, a bank's chief stock in trade is service, sold in return for funds deposited with the bank, the quality varying according to the policy and progressiveness of different banks.

As a customer of this institution, you would find banking here both pleasant and profitable. "Red tape" has been eliminated. Likewise formality.

Chicago Grain Review.
Chicago, Oct. 20.—Although lightness of offerings gave an upward lift today to the corn market, the advance was not maintained. Downturns in the value of hogs had a bearish effect.
Opening prices, which ranged from 1.4 to 2.40 higher, including December at \$1.27 to 1.4 and May \$1.25 to 1.5 were followed by a sag all around to well below Saturday's finish.
Oats were steadier than corn. This stability was ascribed largely to recent big sales to exporters. After opening unchanged to 3-5c higher, including December at 1.34 to 1.26, the market remained at about initial figures.
Provisions fell with hogs. Support was lacking.
Pittsburgh Live Stock.
Pittsburgh, Oct. 20.—Cattle: Receipts 200; active and higher. Steers \$16 to \$17; heifers, \$11 to \$12.50; cows, \$9 to \$10.
Hogs: Receipts 3,300; lower. Heavies and heavy Yorkers, \$14 to \$15.50; light Yorkers and pigs, \$13.25 to \$15; steady. Top sheep, \$10; top lambs \$15. Calves: receipts 800; steady. Top 20¢.
Wall Street.
New York, Oct. 20.—The week on the stock exchange began with a resumption of activity in recent favorites, especially motors and their accessories, oils and shippings. Equipment also made regular gains with some of the investment rails. Steels were slightly uncertain with low grade transportation. Conspicuous features of the first half hour included Pierce Arrow, Chandler, Maxwell and White

Cincinnati Live Stock.
Cincinnati, Oct. 20.—Receipts: 3,800; slow. Selected heavy shippers, \$13.50; good to choice packers and butchers, \$13.50; medium, \$12 to \$13.50. Eggs steady: receipts 2,800 cases. Firsts \$55 to \$56; ordinary firsts, 51¢; 52¢; at mark, cases included, 51¢ to 53¢; storage packed firsts, 51 to 52¢; 53¢; poultry, active; lower. Springs 22 to 24¢; heavy 17 to 18¢.
Sheep: receipts \$11; steady. Good to choice, \$6 to \$7.50; fair to good \$4.50 to \$6; common, \$2 to \$4.50; lambs, steady; good to choice, \$11.50 to \$14; fair to good \$12 to \$13.50; common to fair \$7 to \$12.
Chicago Produce.
Chicago, Oct. 20.—Butter: higher; creamery, 50¢ to 60¢.
Starch: receipts 2,800 cases. Firsts \$55 to \$56; ordinary firsts, 51¢; 52¢; at mark, cases included, 51¢ to 53¢; storage packed firsts, 51 to 52¢; 53¢; poultry, active; lower. Springs 22 to 24¢; heavy 17 to 18¢.
Early gains in motors and affiliated specialties, also oils and shippings were materially extended. The further advance evidently was based on prospect of easier money, as indicated by last week's final rates. New high records were made by General Motors, American Woolen, and several of the low priced motors. Additions to the initial rise included Studebaker, T. S. Rubber, New York Airbrake, the various sugar shares and some of the newly listed issues, notably Columbia Graphophone, U. S. Steel, the only industrial stock to show persistent pressure. Call money opened at 8 per cent.

TELL THE WORLD THIS WOMAN SAYS

That Lydia E. Pinkham's
Vegetable Compound made
Me a Well Woman.

Los Angeles, Cal.—"I suffered with female troubles for years, was sick most of the time, was not able to do my own housework, and I could not get help from doctors. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers, and took six bottles, and am a well woman. You can use my name to tell the world the good your medicine has done me as I shall praise it always."—Mrs. A. L. DeVine, 647 St. Paul Avenue, Los Angeles, Calif.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should do as Mrs. DeVine did, and give Lydia E. Pinkham's Vegetable Compound a thorough trial. For over forty years this famous remedy, which contains the curative, strengthening properties of good old fashioned roots and herbs, has been correcting just such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

GETS 28 EGGS A DAY NOW, FROM 34 HENS

Chas. C. White, Well-Known Breeder,
Tells How. Costs Nothing to Try.

"I gave Don Sung to 34 utility Buff Orpingtons and the egg yield increased from 7 to 28 a day. Don Sung is a wonder and I am now giving it to all my hens regularly."—Chas. C. White, Manager Cherry Hill Farm, Oakville, Ind. Mr. White is the well known breeder and exhibitor. He wrote the above letter in December, after his test had shown a gain of 21 eggs a day from 34 hens. We will make you the same offer we made him. Here it is:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and gives you a good profit besides, simply return it and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your druggist or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burdell-Dunger Co., 284 Columbia Bldg., Indianapolis, Ind.

Signs Of Disease

The First Signs of Disease are a Poor
Complexion, Weakness, Emaciation
and Lack of Vitality.

The first sign of returning health is increase of flesh, strength and vigor. Body weakness, emaciation and lack of vitality simply means that certain substances like iron, which go to make up the blood and nerves, have become exhausted, and to renew flesh, muscle and strength, the iron must be restored. Dr. Chase's Blood and Nerve Tablets contain iron in its most active and condensed form with such tonics as Nux Vomica, Gentian, Aloin, Capsicum and Zinc Phosphide which makes them a powerful flesh and strength maker and a wonderful restorative to the nerves, imparting the tint of health to the weak, emaciated, convalescent and over-worked. Sold by Druggists at 60 cents, Special, (Stronger more Active 90 cents.)

Deep-Seated Coughs

Develop serious complications if neglected. Use an old and true remedy that has given satisfaction for more than fifty years.

PISO'S DOCTOR JACKSON'S

AMUSEMENTS

AUDITORIUM.

The Hushed Hour.

In assembling the cast for the twelve principal parts which stand out with such telling force in "The Hushed Hour," one of the most striking dramas as ever penned for presentation on the screen, Edmund Mortimer, under whose direction Harry I. Garson produced this picture, brought together the brightest lights of the pantomime stage. In glancing over the names of those who appear opposite Blanche Sweet in this drama, you see the names of Winter Hall, Harry Northrup, Wilfred Lucas, Milton Sills, Rosemary Theby, Mary Anderson, Wyndham Standing, Lydia Knott, Little Ben Alexander, the youthful protégé of D. W. Griffith and L. T. Steers.

No one single production has ever offered such a galaxy of stars as does "The Hushed Hour" and no single production has presented in the featured role a more accomplished actress than Miss Sweet who will be remembered by all picturegoers as one of the brightest

of the Yale crew and the hero of a story of college romance written by Edward Sedgwick. For this picture the race of this year was filmed with the monster crowds of cheering students, graduates, and returned military men, and the river gathering of launches, tubs and yachts attendant on the historic contest.

"The Winning Stroke" is announced to open the Alhambra theatre for a run of two days beginning Wednesday. AUDITORIUM-ALHAMBRA NOTES. Show goes of Newark are in for some fine attractions within the next few weeks. For Mr. Fenberg has booked the following big companies: Patricia Collinge in "Tillie," a Klaw & Erlanger production, which comes November 1st. "Friendly Enemies" this month, and the big Comstock-Gest musical show, "Oh, My Dear," Nov. 3rd. "She Walked in Her Sleep," "Maytime," "The Wanderer," "Doppel Opera company," "Up in Mabel's Room," "Under Orders," are big shows.

SCENE FROM "THE HUSHED HOUR," AT AUDITORIUM TONIGHT

lights that shone in D. W. Griffith's constellation of stars at the time when Mary Pickford first came into public favor, when the single and double reelers were considered big features and before the multiple reel feature was known.

Miss Sweet's latest work before the camera is the drama "The Hushed Hour," the second big production in which this little blonde actress is presented by Harry I. Garson. There are few picture lovers who have not seen her in "The Unpardonable Sin," the screen version of Joseph Rudyard Kipling's best work of modern fiction. As the critics throughout the country extolled her work in the screen version of Rupert Hughes' work, so have they written of her work in "The Hushed Hour." In both of these productions she has demonstrated to the millions who are devoted to the greatest single entertainment medium in the world—the silent drama—that she holds within her power all those elements of dramatic action that spells STARS for those whose aim in life is to entertain.

"The Hushed Hour" is the Auditorium feature for three days beginning this afternoon.

"Her Final Reckoning."

Thoroughbred Russian wolfhounds play important parts in the development of the story of "Her Final Reckoning," the new Paramount photoplay starring Pauline Frederick, which will be displayed at the Auditorium theatre next Thursday and Friday. This is said to be one of the best motion pictures which Miss Frederick has been seen in many months.

In the story, which is based upon the celebrated play of "Prince Zilah," written by Jules Claretie, the famous French author and playwright, Maria, the role played by Miss Frederick, is annoyed by a former lover, and to put an end to his persecution after she is betrothed to Prince Zilah, she turns her wolfhounds loose in her garden, when the man comes one night to coerce her. The man is roughly handled by the dogs and the scene is said to be exceedingly thrilling.

"Twin Beds."

"Twin Beds," the Salisbury Field and Margaret Mayo's Laughing Lullaby, will be the offering at the Auditorium theatre, Saturday, Oct. 26, matinee and night, with Lois Bolton, to renew the highly satisfactory impression of its last season's visit to this city.

Theatrical records attest that "Twin Beds" is one of the most emphatic standing hits. It is a jovial, rollicking comedy frolic with a crowded apartment house as its scene, the complexities of life shared too closely with the neighbors as the framework of its action, and an intensely amusing, human group of people as its portrait gallery. Its lines flash with fresh wit and new coined slang, and its merit of clean wholesomeness shines brightly over character lines and situation.

ALHAMBRA.

"Too Many Millions." This is more essential to happiness? This is a world old question, but it is developed from an entirely new angle in "Too Many Millions," the new Paramount picture in which Wallace Reid is starring, and which will be shown at the Alhambra theatre today and tomorrow. The hero is first shown as a poor young book agent. Wealthy skinflint uncles of his suddenly die and leave him forty million dollars. Then his troubles start, but after he loses the money and finds the girl he loves, happiness comes to him. Then with equal suddenness, the money turns up a second time, and he is puzzled to know whether to keep it or not. What would you have done in a similar situation?

The Winning Stroke.

"The Winning Stroke," a new William Fox photoplay, starring George Walsh, should contain an abundance of excitement, for its scenes include the famous Yale-Harvard boat race, one of the greatest of college events. Walsh, big, handsome and athletic, is the stroke

of the Yale crew and the hero of a story of college romance written by Edward Sedgwick. For this picture the race of this year was filmed with the monster crowds of cheering students, graduates, and returned military men, and the river gathering of launches, tubs and yachts attendant on the historic contest.

Christmas "Fiddlers Three," "Turn to the Right," "Going Up," Al G. Field's "Minstrels," "Sometimes," "The Hocking," "Tiger Lingo" are from The Klaw & Erlanger Exchange and R. V. Leighton, a personal booker in that exchange, has promised Mr. Fenberg still more attractions as soon as winter sets in, and the late actors strike.

Phyllis X. Dushman and Beverly Dyne in the special Vitaphone feature "Daring Heists" is an early Auditorium booking.

"The Right to Happiness" is a big Universal feature and comes to the Auditorium next week. In this Dorothy Phillips is the star.

"In Wrong," with Jack Pickford, a (Continued on Page 8, Col. 2)

"NO MORE SLEEPLESS NIGHTS" -- BATHES INTERNALLY

Mr. J. D. Burrows, 271 West North St., Decatur, Ill., writes Tivoli's Hygienic Institute, of New York, as follows: "I am still using the 'J. D. L. Cascade' once a week, and find it most efficient for keeping me in fine condition. It acts as a solvent for tired nerves and has been a great help for sleeplessness. I have frequently arisen from bed and used it in the middle of the night with satisfactory results."

The reason for this remarkable result is because the functions cannot work properly when there is accumulation of waste in the lower intestine. The "J. D. L. Cascade," by the simple process of properly applying warm water, eliminates all this waste and causes the functions, to work smoothly and properly.

Over half a million intelligent Americans are now using the Cascade with similar results.

It is the invention of Charles A. Tyrrell, M. D., of New York, a noted specialist on internal bathing for 25 years.

It will be shown and explained to you by Hudson Avenue Pharmacy, R. L. Williams Proprietor, 322 Hudson, corner Oak street, Newark, Ohio, who will be glad to give you an interesting booklet by Dr. Tyrrell called "Why Man of Today is only 50 per cent Efficient." This booklet is free upon request. Ask for it today while you think of it.

St. Clair Tunnel Man Found a Royal Friend in This Famous Family Tonic.

This widely and favorably known citizen of Port Huron, Mich., delivers a message below which fellow-sufferers will do well to pay careful heed to. "Nerv-Worth Co.—find that Nerv-Worth has been very beneficial to me. I have had stomach trouble for years and tried a number of so-called remedies, but have found Nerv-Worth to be more beneficial to me than any of the others that I have used."

I have recommended Nerv-Worth to my friends, as I believe in telling fellow-sufferers where they can find relief from the misery that stomach trouble causes them.

THERE IS QUALITY IN BANKING SERVICE AS WELL AS IN MANUFACTURED PRODUCTS

In these days of intense competition, a proper
banking connection is more than ever a necessary asset to the
business man.

Outside of affording a secure place of deposit,
a bank's chief stock in trade is service, sold in return for funds
deposited with the bank, the quality varying according to the policy
and progressiveness of different banks.

As a customer of this institution, you would
find banking here both pleasant and profitable. "Red tape has
been eliminated." Likewise formality.

BLISS NATIVE HERB TABLETS

Have you noticed the rugged, healthy, complexion of our soldiers and sailors—their elastic step, and strong, manly bearing. This condition is due to outdoor life, plenty of exercise, regular habits and wholesome food.

Your responsibilities may not permit you to work, live and play outdoors. You may have to grind away at a machine, a desk, or other employment, until your condition becomes stale. Indigestion, constipation, headaches and general debility follow. Your liver and kidneys fail to act properly, and your blood becomes poor and sluggish. Don't be a health-stacker. Take Bliss Native Herb Tablets. They will relieve constipation, remove indigestion, help to prevent rheumatism and make you fit. Look for trademark. Our money back guarantee on every box. Two sizes, 50c and \$1.00.

Sold by leading druggists and local agents everywhere. Made by Lombro A. Bliss Co., Washington, D. C.

First National Exhibitors circuit special, will be screened at the Alhambra soon. This is one of the pictures Mr. Penberg saw a special screening of while in Cleveland and he speaks very highly of star and production. Pathe News, the world in review, is shown today at the Auditorium. Tomorrow "Out Chester Travogue's" are an added feature together with "The Hushed Hour." These features are shown on these days, hence those who see the big special "The Hushed Hour" are treated to extra added pictures today and tomorrow.

GRAND.
"The Virtuous Model"
If you believed that you had inspired your husband to do big things—to write a great book, or paint a great picture, or design a beautiful building, or build a big bridge—would you set back and

tor, entered her life. An idealist, smarting from the disappointment of finding the woman he loved untrue to him, Denise's purity appealed to him and they were married. But the other woman would not so easily relinquish her place to a girl from the gutter. Did the virtue of the girl of lowly birth hold out against the insidious lies and insults of the woman of high birth? The answer lies in the happy ending of "The Virtuous Model."

"Miss Arizona."
The final run of "Miss Arizona" and Patty Arbuckle will be at the Grand this evening. These two pictures pleased hundreds of people yesterday.

On Thursday and Friday of this week comes the famous Japanese actor, Sessue Hayakawa in "The Man Behind" a very strong picture.

Saturday William Duncan and Edith Johnson commence a series of pic-

let another woman rob you of your happiness, or would you fight for it? Denise Fluey, the heroine of "The Virtuous Model," of which Dolores Cassinelli is the star, coming to the Grand theatre tomorrow and Wednesday believed that her soul, as well as her body, had been the inspiration for her sculptor husband's masterpiece, for which she had posed, and when another woman sought to claim her place Denise fought.

Life had been drab and dreary for this beautiful young girl. Surrounded by the squalor of the Montmartre district, in Paris, she had kept tight hold of her ideals and side stepped temptation.

MOVIE ACTRESS NOT MARRIED, AFTER ALL

Gladys Brockwell.

Too little time between marriages is the cause of the annulment of the union between Gladys Brockwell, motion picture star, and Harry J. Edwards, director of film plays. In March, 1918, Miss Brockwell was divorced from her first husband, Robert S. Broadwell of Los Angeles, marrying Mr. Edwards in the following July, less than the required nine months before the final decree from Mr. Brockwell was due.

Wooltex Will Help You Decide About Your New Winter Suit or Coat

YOU'VE probably seen many pretty models of WOOLTEX garments advertised in the various magazines. When you look through our showing of WOOLTEX you will be more than ever impressed with the beauty of these garments—the fine wool fabrics—the new fall colorings—the smart tailoring.

Now When the Need for Suits and Coats Is Immediate

We have an unusual display, so why not come in and try on some of these handsome models, many of which you have seen pictured.

First-- Take a Look At Wooltex Suits

You will find the strictly tailored model—others in blouse effect—while others of a tailored nature show a slight trimming. The materials alone are worthy of attention.

Wooltex Coats Are Warm and Roomy

Coats this winter remain straight and slender despite the fact that they are warm and wintry, being comfortably loose enough to wear over the winter gown with perfect ease.

COME IN THIS WEEK—YOU'LL FIND
WOOLTEX SUITS AND COATS

Readers' Viewpoint

Urges Two Platoon System.
Editor of the Advocate—Permit me
to say that until I received a letter
this morning from the fire department
I did not know the conditions that
prevailed there and perhaps there are
several others as ignorant as I was.
That men in a Christian community
should be compelled to work under
rules that prevent them from attend-
ing to their families as they should
and also from looking after their
spiritual welfare is a state that should
not be tolerated any longer, and I

hope there will be no voter so remiss
in his duty at the coming elections as
to fail to register his vote for a change
in the present system prevailing in the
fire department. And while I am
deprecating that system I wish also to
denounce conditions that prevail in
other concerns in our city where men
are compelled to work every day in the
year and never have any time to de-
voted to the service of God. In the face
of what we read and hear about an-
archy and all kinds of crime is it not
strange that employers should expect
anything better as long as they place
obstacles to the practice of religion?
Or do they think that morality should
prevail to the exclusion of religion? If

people are constrained to do without
God and look to no future reward or
punishment, if they are made honest
only through fear of the arm of the
civil law, then they should not be
blamed if they contravene the divine
and natural law and use whatever
weapons they may have to overcome
what they consider a violation of their
rights. It is hard to conceive what
right is if we exclude justice which is
the foundation of law, and it is still
harder to conceive what justice is if
we exclude conscience. Will any em-
ployer who happens to read this letter
tell me how he can be a conscientious
and honest man as long as he deprives
his fellowman of the means to live ac-
cording to the commands of his Cre-
ator? Can any good citizen claim to be
right with his Creator as long as he
practically severs the bond which
should hold the creature to his Cre-
ator? Why rail at anarchy while we
continue to uphold its principles? Why
expect obedience when the foundation
on which it rests has been removed?
The ultimate end of order is obedience
to Divine Authority without which
obedience and order are without a
sanction. You cannot conceive a moral
obligation if you eliminate that on
which it rests. I do not deny that we
have good men who have no super-
natural motives; but even these are in-
debted to their benign Creator for their
natural gifts. But for natural beings
the gifts of nature should be used for
the end for which they were given and

those who refuse to direct their acts
for the glory of God and their own
salvation as well as for the good of
their fellow man are perverting the
end of their creation and are morally
deformed. Reason as well as Revela-
tion prove that there is a God. In-
finite Truth alone and Infinite Love
alone can satisfy the mind and heart
of man. But these prove the existence
of an infinitely Perfect Being. To force
men to live without such a Being is
to contravene the end of man's cre-
ation and those who do such things
will have to account for their conduct
before the judgment seat of their Cre-
ator. We cannot be right with God
and wrong with our fellowman. "If
any man say, I love God, and hates
his neighbor, he is a liar and the truth
is not in him." The law of love for
our neighbor is a necessary condition,
therefore, to divine love. But love for
our neighbor means that we wish him
well and also wish him all the means
to make him well and happy. Does
anyone believe a person can be happy
without truth and love? But there can
be neither truth nor love, justice or
peace, kindness or hospitality nor any
other virtue either natural or super-
natural as long as a conflict of hate is
carried on between capital and labor.
Let us all learn to be kind and gen-
erous towards one another. Let the
rich go to the homes of the poor and
sit down at their firesides, or meet
them on days of rest and converse
with them about their wants and we
will soon see such an era of happiness
as never existed. The world is all
wrong when it tries to make the peo-
ple happy in any other way than that
intended by our Blessed Redeemer.
Peace on earth to men of good will.
Only men of good will can establish
lasting peace, and all those modern
kinds that are attempting to bring about
happiness in any other way can never
endure because they have no imper-
ishable foundation to rest upon.

DR. MORGAN SERVED WITH BRITISH FORCES

Dr. W. H. Morgan, who recently re-
turned from active service abroad, has
opened an office at 79 Hudson Avenue,
for the practice of medicine and sur-
gery.
While abroad Dr. Morgan saw ser-
vice in Scotland, England, Belgium,
France and Germany as a member of
the British medical corps. Before re-
turning to America he took a three
months' post-graduate course in the
hospitals of London. Dr. Morgan is a
graduate of the medical college of
Ohio State university. Following his
graduation he served as house surgeon
at Mt. Carmel hospital and later prac-
ticed medicine in Columbus for six
years. His office phone is 1842, while
his residence number is 96204.

NEWARK PARTY ENROUTE TO FLORIDA

Here is the "Cherokee," the dainty little cruiser, with which Mr. and Mrs. Wayne Collier, Mr. and Mrs. Charles A. Smith are making a trip to Florida. They started recently from Zanesville and are now on the Ohio river, enroute to the Mississippi and Gulf of Mexico. Mr. Collier mailed a postcard at Cincinnati, saying: "Commodore Smith is getting a real work-out and is a genuine skipper. We are stopping at many points along the river and yet have made good time—270 miles by water."

Considering the best interest of
our patrons, our plans call
for a growth that
serves best
for all.
